### Connected Cooking for more control in the kitchen

Get your own personal assistant in the kitchen with Connected Cooking. Control the settings of your oven--including timing and temperature--from your mobile device. Get recipe inspiration and preparation tips. Or use it to check the progress of your dishes from another room.

Thanks to the Food Sensor of this oven you can measure the core temperature from the center of your dish during the cooking process. So you get the perfect results everytime.

### Command your cooking

With the responsive Command Wheel you have complete control over the cooking process, whether adjusting the time, temperature or function of your oven. With just a touch, your current cooking settings appear immediately on the clear colour LCD display for at-a-glance monitoring of your meal, making adjustments exact and precise.

### Make cleaning effortless with pyrolytic cleaning

With one touch of the Pyrolytic cleaning function, dirt, grease and food residue in the oven is converted into ash that you can easily wipe off with a damp cloth.
