Product Benefits & Features

Speed Burners - accurate heat for faster performance

The design of the Speed Burners in this AEG gas hob allows for the flames to directly target the bottom of the pan, providing quicker heat and greater efficiency. These high-speed burners get you cooking up to 20% faster.

One touch. Absolute control

The temperature can be regulated quickly and accurately via highly responsive electronic touch controls. No buttons or knobs. Just one sleek and safe surface that enables absolute command over the cooking process.

Add a premium look to your hob, with Cast Iron Grid pan supports

Add a professional look to your kitchen with durable and premium cast iron pan supports. Continuous cast iron pan supports let you slide your cookware easily and safely without having to lift them for a seamless cooking experience

Integrated Ignition - quick access to powerful heat for cooking

With Integrated Ignition, all you have to do is gently turn and press the knob, to effortlessly and comfortably spark a flame from the hob.

Safety gas cut off using thermocouples

If the flame goes out, the gas is automatically shut off from the source ensuring perfect safety. Suitable for flats and other multi-occupancy dwellings.
