Combine 2 cooking zones with Bridge
 The Bridge function combines two cooking zones together to fit any large or long pan. Sharing the same temperature and time setting, the linked zones are ideal when you're cooking for dinner parties or bigger celebrations.

Flame with StepPower. For precise heat
 StepPower allows you to control the heat on your hob precisely. And produce consistently delicious dishes. The heat can be set at levels from 1 to 9, offering reliable results in the kitchen every time.

SAVE UP TO 20% ON GAS WITH THE VERTICAL FLAME BURNER
 Our efficient Vertical Flame gas hob gives you up to 20% energy savings, whether you are boiling water for pasta or searing food in a wok. And just put the burner in the dishwasher for equally efficient clean-up.

Cast-iron pan supports are designed for easy clean-up
 Individual cast iron pan support are designed in separate pieces making them very easy to handle and clean. Pots remain stable at all times.
