

#### Meet the everyday classic preserver

Quality clothes are made to be worn, but everyday pieces need care to maintain their condition. Whether you wash one shirt or a full load, AEG washing machines will adjust the cycle accordingly, reducing wear and tear by taking the minimum amount of time, water and energy necessary for a thorough clean.

#### Product Benefits & Features

#### Caring for clothes. Saving water and energy

ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors adjust washing times precisely with just the right amount of water used, ensuring optimum treatment for every garment whilst saving water and energy.

#### Protection for your clothes

All AEG machines have our ProTex gentle drum, specially designed to take care of your clothes. Gentle water jets lift and protect your laundry as it washes. With more holes than standard machines, our drum reduces the stretching of fabric, maintaining the shape and texture of clothes during spin.

#### Inverter motor for a longer lifetime

The inverter motor in this appliance works without brushes and at a cooler temperature. The advantage is that this extends the working life of the motor, ensuring it can continue to deliver the same silent performance for longer.

- A class wash performance
- Option to tailor programmes including:
  - class spin performance
- Load capacity 7kg
- Easy iron programme
- Outdoor sports programme
- Wool programme
- Aqua Control
- Child safety lock
- 7 kg wash capacity
- Delay start option
- 3-compartment detergent dispenser
- Freestanding washing machine
- LED display
- Options include:
  - Programmes include: Eco 40-60, Cottons, Synthetics, Easy Iron, Delicates, Wool\Silk, Machine Clean, Spin/Drain, Rinse, Anti Allergy Vapour, Jeans, Sport, Cotton 20, 20min 3Kg
  - 1400 spin speed RPM
  - Height adjustable feet
  - Silent system
- Extremely low water and electricity consumption: litres/wash, kWh/wash
- 1.031 class wash performance
- Wool plus programme

#### Choose the right time to wash

Delay Start gives you the freedom to do your washing at the time you prefer by allowing you to automatically set the start time of your washing cycle.

#### Thoroughly cleaned. With Anti-Allergy programme

The AntiAllergy Vapor 60°C washing programme provides steam at the end of the cycle, to give your clothes a hygienic and efficient clean. This helps reduce bacteria and allergens from your clothes, and supports better laundry hygiene.

Product Specification

PNC	914 913 273
EAN number	7332543989478
Height (mm)	847
Width (mm)	596
Depth (mm)	547
Net Weight	69.5
Colour	White
Depth max, mm	577
Full load wash capacity, kg	7
Max spin speed, rpm	1351
Washing performance	0
Spin drying efficiency label	B
The energy consumption of the eco programme in kWh per cycle (EU 2017/1369)	0.447
